

# Dixonite Shot During Theft

**NOTES FROM A CITY EDITOR'S DAYBOOK**—When the year-end accounting is made, it may be that Dixon will find that it has enjoyed the greatest housing boom in recent years.

While it is difficult to ascertain the exact figures on building our landscape is being changed rapidly by new homes. They're popping up everywhere.

Also in the wind are a couple of large-scale homebuilding developments, one of them in the vicinity of the new Alt. Rt. 30 highway near the city's outskirts. Whether they will develop time will tell.

It's probably a matter of opinion, but we'd date the current homebuilding movement to the township-wide survey conducted by Evert Kincaid and Associates. When the report was publicized, it revealed, as everyone already knew, that the city was short on housing. But because it had the stamp of authority, it carried some weight among people who make it their business to build and finance houses.

The report served to exert some pressure in these circles, also, and also disclosed, among other things, that the city was being undersold in the housing line.

That it was being undersold is being proved in the many houses built this year and the undiminished demand for new housing.

There's a reliable report, also, that mortgage money has been more accessible since the Kincaid report made some criticism of its availability.

Of course news of home building is good news. More homes are needed if Dixon is to attract new industry. At the present time, the boom has scarcely been sufficient to move families out of the smaller and less desirable apartment units. In other words, there's a demand, a backlog of a need for better housing.

And while we're at it, we might mention that the Lee County Housing Authority has on hand some funds that can be ploved into housing. It's a revolving fund that is supposed to be used to develop home sites and to pass them on to prospective builders. While the sum is not a great amount (about \$40,000 we understand) it is capital that should be put to work.

## Clint Youle Acquires 3 Newspapers

CHICAGO (P)—Clint Youle, Chicago television weather reporter and downstate newspaper owner, today announced he has acquired three additional newspapers in northwestern Illinois.

The papers are the daily Savanna Times Journal, Hanover Weekly Journal and Elizabeth Weekly Times.

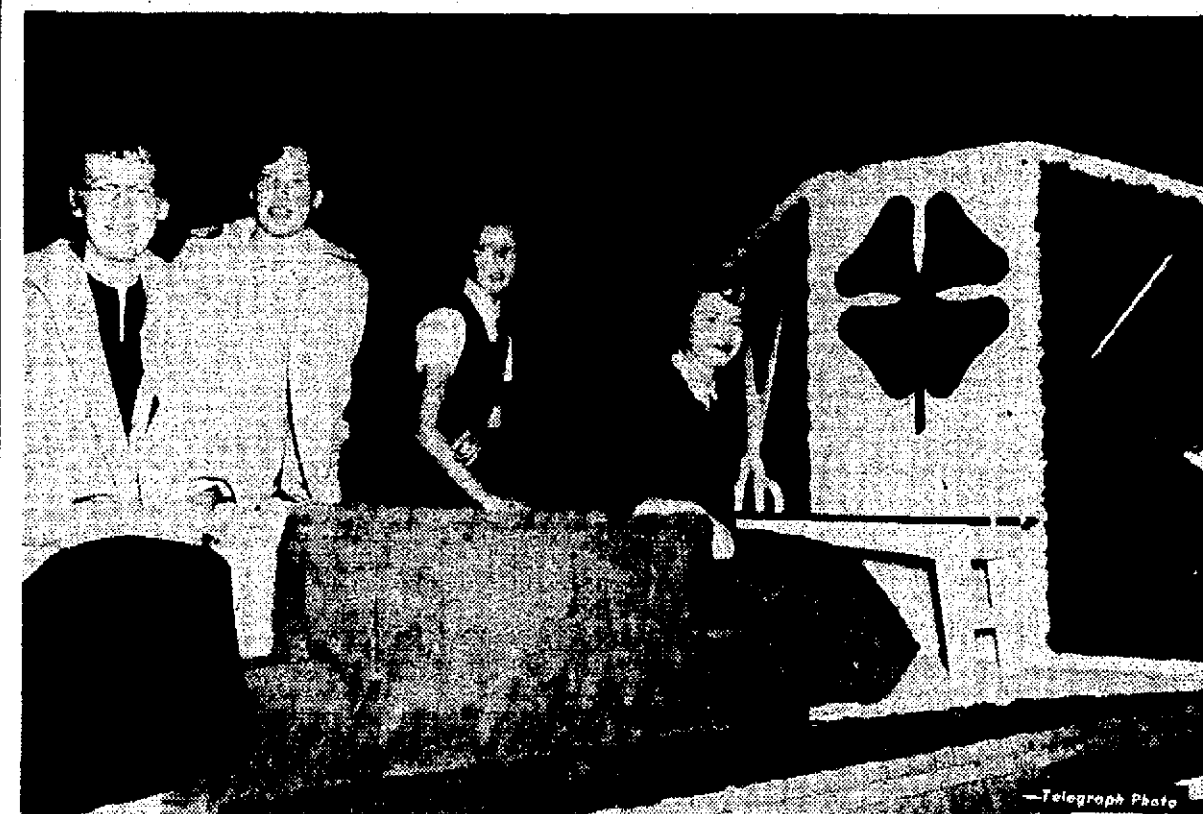

Youle said the sellers are D. C. Pickard and Franklin J. Stransky and his son, Franklin U. Stransky. Franklin J. is a former judge. His son is a state representative. Pickard and the elder Stransky have operated the newspapers since 1917.

Youle also owns the Galena Gazette and Advertiser, a bi-weekly, which he purchased several years ago. He said Paul Allen, editor of the Galena paper, also will be executive editor of the new publications.

**Kewanee Airman Reported Missing**  
KEWANEE, Ill. (P)—Mr. and Mrs. Richard Jones were informed today by the Defense Department that their son, Richard Jr., 32, an Air Force captain, is missing and presumed dead on a routine flight from Okinawa in the Pacific.

### Dixon 4-H Group Wins Float Contest

**HAPPY HOMEMAKERS** 4-H club of Dixon took top honors for 4-H floats in the Amboy Fall Festival parade Saturday evening. Riding on the first prize winner were, from left to right, Pamela Drew, Clara Rowe, Patricia Henry and Judy Cox. The float, which stressed "Improving Community and Family Living" was designed by the late Kenneth Rowe, 911 Institute Blvd., Dixon, father of Clara. Mesdames Elwyn Drew and John Starks are club leaders. Blue Ribbon Special and Grove Girls 4-H clubs of Franklin Grove received second place for their float; Viola 4-H received third; Harmony 4-H of Harmon, fourth, and the East Grove Handi-Anns 4-H received honorable mention for their floats. Trophies for the best three entrants, other than 4-H floats went to: Mid-West Rug Mills, first; Farm Bureau, second, and Andy's Drive-Inn, third. Earl Gascoigne headed the parade committee. Judges were Mr. and Mrs. Ed Mitchell, Moline, and Whiteside county farm adviser, Rex Rhea. Mrs. Mitchell is Rock Island county farm adviser.

## Light Frost Is Reported Here

### Mercury Dips to 37; Warmer Trend Coming

Light frost was reported in isolated spots in the Dixon area this morning. The official low reading was 37 degrees. The "topcoat" temperatures followed a high of only 68 Sunday afternoon and a low of 39 early Sunday.

The chill weather followed a brief heat wave that saw a reading of 95 Friday and 86 Saturday.

A warming trend started today with a 72-degree reading at noon. The low tonight is expected to be in the upper 40s, the high Tuesday near 80 and the low Tuesday night in the upper 50s.

A heavy shower introduced the cool weather Saturday. Rainfall totalled .33 inch. Hail was reported in Nelson.

The nippy weather was caused by a Canadian cool front spreading eastward toward the middle and north Atlantic states.

The late summer cooloff drove the mercury down to 23 degrees at Grantsburg, Wis. Lone Rock, Wis., reported 25. Eau Claire, Wis., 28; Pelston, Mich., and International Falls, Minn., 29; Spencer, Iowa, 31; Jamestown, N. D., 32 and Chicago, 44.7.

Chicago's reading was a record low for the date. Madison, Wis., had a record low 31.

Fraser, in the Colorado Mountains, had a 17 reading.

A warming trend in the Northern Plains hiked temperatures an average of 20 degrees. A heat wave, meanwhile, continued to grip the Southwest. Yuma, Ariz., and El Centro, Calif., recorded Sunday's highest reading, 112.

**Ciucci Appeals**  
SPRINGFIELD, Ill. (P)—Vincent Ciucci of Chicago, under sentence to die in the electric chair Friday, appealed his murder conviction today to the Illinois Supreme Court.

**Eighth in Family Of 14 Reported Victim of Polio**

DURAND, Ill. (P)—Eight of farmer Karon Walsen's 14 children were down with polio Monday.

Most recent victim in the family was Edward, 16, who was taken to Winnebago County Hospital Sunday night. Another brother, David, 17, also is in the same hospital. Their sister, Rosellen, 5, is in St. Anthony's hospital in nearby Rockford.

The other five ailing children are being cared for at home. They are Francis, 2, Susan, 11, Jean and Julia, 13-year-old twins, and Anna, 15.

None of those affected with the disease have had anti-polio inoculations. Of the six still uninfected, only two have been inoculated.

David's condition was described as critical. He is in an iron lung.

but let Farver drive just before the chase started.

Deputy Sheriff Don Sachs, who investigated the mishap, said Doris had told him earlier that she was driving the car during much of the chase and changed places with Farver just prior to the crash. Farver and Judy Clayton were thrown out of the car.

The car, a 1955 model with only 6,000 miles registered on the speedometer, was owned by John Rhodes, Rochelle. It was demolished.

Linscott said after the accident that he chased the car at speeds up to "60 miles an hour" on a gravel road between Ashton and Franklin Grove.

**Reopen Coal Mine**

BENTON, Ill. (P)—Old Ben Coal Corp. reopened its No. 22 mine at nearby Valier today, ending a six-month shutdown. Some 400 miners were expected to return to work.

Valier is a town of 600 and the mine is its only industry.

## Charge Death Car Driver With Homicide

OREGON (Special)—Robert Trout, 21, Mt. Morris, driver of the car in which Ted Glatfelter, 18, Mt. Morris, was killed early Friday in an accident on Rt. 2 north of Oregon, has been charged with reckless homicide.

State Police Officer William Spencer made the charge against Trout, a member of the air force, who suffered a fractured leg in the crash.

Trout was moved Sunday from Warmolts Clinic in Oregon to Rockford Memorial hospital. His bond was set at \$2,500. A Winnebago county sheriff's guard was placed at the hospital.

The auto in which the youths were riding missed a curve and landed 435 feet from the point it left the highway. Byron Police Chief William Downey said he had chased the car a few minutes earlier for speeding.

Glatfelter died at the scene of the accident.

**Illinois Navy Club Officers Here Sunday**

At a meeting of Illinois Navy Club officers held in Dixon Sunday, it was decided to hold the state convention in Peoria next April 5-7.

The meeting, held in Dixon Navy club headquarters, was highlighted by a chicken dinner in honor of the visiting high officials led by Commandant Bill Richards, Springfield. The group included Auxiliary officers and other guests.

Officers of the Illinois squadron also voted to meet in Elgin in January to make further plans for the state convention.

**Big Balloon Causes Stir Near Chicago**

CHICAGO (P)—A big balloon hovered high in the sky Sunday, causing quite a stir among thousands of Chicagoans before it drifted northeastward over Lake Michigan.

Some residents thought it was a flying saucer. One woman tabbed it as a new planet. A jet fighter from O'Hare Field took off in pursuit.

The pilot said he climbed to 45,000 feet but couldn't approach it. He said its altitude was "higher than 30,000 feet." From his distant view, he said, the balloon appeared to be about 20 feet in diameter and "trailing some sort of apparatus."

Lowry Air Force Base, Denver, said it had received reports of three of its high altitude weather balloons were in the Chicago area.

**Lions Halloween Parade on Oct. 29**

Saturday evening, Oct. 29, has been set as the date for the annual Halloween parade sponsored by the Dixon Lions club and Dixon merchants. Plans for this year promise a much larger event.

## Bahamas Alerted for High Winds

### Too Early to Tell If Storm Will Hit Eastern Seaboard

MIAMI, Fla. (P)—Hurricane warnings were hoisted along the north shore of the Dominican Republic today as the eighth tropical storm of the year, named Hilda, was spawned 840 miles east-southeast of Miami.

The disturbance, not yet a fully developed hurricane but with squalls of 75 miles an hour blowing around her center, was moving west-northwestward at 13 miles an hour.

Islands in the eastern Bahamas were alerted for hurricane or gale force winds tonight and Tuesday. Small craft in the islands and along the lower Florida east coast were told to keep in close touch with future advisories.

**Near Turks Island**  
The center of the storm at 10 a.m. (CST) was 165 miles southeast of Turks Island at the extreme eastern tip of the Bahama Island chain.

Gordon Dunn, chief storm forecaster, said at Miami that it was too early to tell whether Hilda would affect the coastline but that the growing disturbance was in a critical position.

Hurricane Hilda is expected to increase in size and intensity as it moves west-northwestward for at least another 12 hours. Gale winds extend 125 miles to the northeast of the center and 76 miles to the southwest, with hurricane force squalls mingled in the wind system.

## Car at Scene of Theft

**CAUGHT IN THE ACT**—The two Dixon youths who were riding in this car Sunday night learned the hard way that stealing gasoline from a farmer's barrel is hazardous. The driver of the car, Kenneth Spielman, 23, Dixon, was shot in the leg when he attempted to escape a well-laid trap and his companion, Leo Fredericks, 19, Dixon, is on his way to a year's confinement in the Vandalia prison farm. The owner of the farm, Gale Clayton, Dixon, wounded Spielman, and shot out all four tires on their car to prevent them from driving away.

## This Safe Not So Safe

**THIS IS THE SAFE**, or what's left of it, that was stolen sometime late Sunday or early today from the Family Liquor store, 316 First St., Dixon. Burglars took an estimated \$350 in bills and silver but passed up nearly \$800 in payroll checks. The safe was found about two and a half miles south of Dixon on the Dutch road, a gravel road running parallel to Rt. 28. Officers William Boehme (left) and Ed Trotter are looking at the wallet containing the checks. Note the battered door of the safe in the right foreground.

## Burglars Cart Off Small Safe Get \$350 in Cash From Family Liquor

Dixon police today are looking for the burglars who carted off a small safe containing approximately \$1,100 in cash and checks sometime late Sunday or early today from the Family Liquor store, 316 First St., Dixon.

The safe was found battered open early today about two and a half miles south of Dixon in some weeds along the Dutch road, a gravel road running parallel to Rt. 28.

An estimated \$350 in cash, including more than \$100 in silver, was missing but the burglars passed up nearly \$800 worth of endorsed payroll checks.

The door of the safe had been pried off with some sort of a heavy instrument and was found lying across the road from the safe.

Robert Hess, owner of the establishment, said that four pints of whiskey were also missing from his store.

A bartender, Dale Frey, discovered the burglary about 6:30 a.m. today and reported it to the police.

## Farmers Lay Trap Near Gas Barrel

### Kenneth Spielman In Hospital; Pal Sentenced to Jail

One Dixon youth is in Dixon KSB hospital with a gunshot wound in his leg and his teenage companion is on his way to the Vandalia state prison farm—all because they attempted to steal five gallons of gasoline early today.

Listed as in "good" condition in the hospital is Kenneth Spielman, 23, Oak Court, Dixon. He is being treated for a .22 caliber bullet wound just below his right knee.

His companion, Leo Fredericks, 19, 325 Central Pl., Dixon, today pleaded guilty to a charge of petty larceny and was sentenced to a year in Vandalia by County Judge Grover Gehant.

The youths were surprised about midnight as they were filling Spielman's car from a gas barrel on the Gale Clayton farm, located just south of the junction of Rts. 25 and 30.

**Wait In Shed**  
Clayton, who lives in Dixon, and Charles White, who farms near the Clayton farm, waited in a implement shed near the gas barrel and caught the youths in the act.

The two men suddenly broke the windows in the shed and told the youths to "halt or we'll shoot!" Clayton fired his revolver when the youths started to run. One shot hit Spielman in the leg but the youth kept running for nearly a half mile before he was apprehended.

Before giving chase, Clayton shot out all four tires on Spielman's car because he feared the youths might elude them and return to their car.

Fredericks, who has a police record dating back to 1950 escaped Clayton and White and hitchhiked to Dixon. County and local authorities arrested him when he returned to his home.

**Faces Charge**  
Spielman will also be arraigned on a petty larceny charge when he is released from the hospital. He has admitted his part in the theft, according to the authorities.

Both youths denied stealing gas from Clayton previously although Clayton said that gas has been stolen from his tank at least a half dozen times. He estimates that

## Cyclist Loses Part of Hand In Accident

ROCKFORD (Special)—Delbert Stevens, 25, Rt. 2, Rockford, was reported in "good" condition today in Rockford Memorial Hospital after he lost part of his hand in an apparent hit-and-run car-motorcycle accident Sunday night on Rt. 2 near the Ogle-Winnebago county line.

Dr. Edward Glenn, Byron, who appeared on the scene a few minutes after the accident, said the third, fourth and fifth fingers on Stevens' left hand were amputated, the index finger broken and several wrist bones broken.

William Thoeke, 301 Galena Ave., Dixon, also a passerby, took Stevens to the hospital in his car. Thoeke and his wife, and Mr. and Mrs. Russell Byers Jr., were returning Thoeke's sister, Fannette, to her home in Rockford after a visit in Dixon.

The auto involved, which was not described, reportedly was traveling south, and Stevens north. An unidentified companion of Stevens, riding another motorcycle, reportedly left the scene of the accident after medical aid arrived. He was not injured.

## What's Different Between Republicans and Demos?

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—Do you know why you're a Democrat or a Republican—at least to the point of saying precisely what makes the two parties truly different?

This doesn't apply to the independent voters who shifts from election to election, making his choice on individuals and issues, but to the voter who regularly votes a Democrat or Republican ticket.

In a 2,500-word talk last Saturday in Denver to the 48 Republican state chairmen, President Eisenhower attempted to explain why Republicans should be able to go out with fervor to line up new recruits for the party.

**President Explains**  
The President said a political party should be held together by a common faith, a common conviction. The Republicans, he said,

should be held together by a "cause."

He said: "Just remember the cause for which you are working is to make certain that government is to do for the people those things which they cannot do for themselves, or so well do, but we are not going to interfere with those things which are the proper province of the individual."

This was a return to the Republican's theme in the 1952 elections when, among other things, they complained there was too much government interference under the Democrats.

Democrats reading Eisenhower's remarks may feel he wasn't very precise. They'd probably argue: "We're as much against unnecessary government interference as the Republicans."

As evidence that the final judges—the people themselves—don't think the Democrats interfere too

much, the latter might point to the 1954 elections in which the Democrats were returned to control of Congress.

**Must Be Puzzled**  
A person watching both parties from a distance—across the oceans or the borders—must often be puzzled by what the Democrats and Republicans claim are their differences.

The Democrats have protested for years, and are still doing it, that the Republicans are the party of big business. But under the Democrats big business continued to get bigger.

For years the Republicans saw "creeping socialism" in Democratic programs. But, although both parties insist on their belief in free enterprise, neither apparently believes in it absolutely.

Both parties—through their support for tariffs to protect American businesses, subsidies, particularly for the farmers, and other help and controls—admit enterprise cannot be completely free and, in some cases, can't survive that way.

For years the Republicans had few kind words for what they called the "welfare state" philosophy of the Democrats. But when they took over they not only did not repeal a single piece of the Roosevelt-Truman social legislation, but even added some improvements—for instance, in boosting social security payments and coverage.

It would be helpful to the voters in the 1956 elections if Democrats and Republicans explained in precise and unmistakable terms what they claim makes them different even though, to a foreigner, they might still look like twins.

## Gov. Stratton Visits Former Home in Ingleside

INGLESIDE, Ill. (AP)—Gov. Stratton paid a visit Sunday—his first in 15 years—to his birthplace in Ingleside.

The visit to the 2½-story white stucco structure was an impromptu affair. The governor was accompanied by his wife and mother. They took a side trip from Republican picnic at Deer Haven, some two miles away, to make the visit.

Greeting the governor's party were Mr. and Mrs. S. E. Kvenberg, present owners of the property. They have modernized the structure from 11 rooms to seven. Stratton's former bedroom is now part of a large living room. He recalled that he used to mow the lawn of his family's home. Kvenberg told the governor that he now uses a power mower.

Stratton told the Lake County gathering at the picnic: "Illinois has accomplished things you would want us to do."

## Humphrey Puts U. S. Back Of Free World Prosperity

WASHINGTON (AP)—Secretary of the Treasury Humphrey told a meeting of free world economic leaders in Istanbul, Turkey, today that prosperity runs high this side of the Iron Curtain and United States policy is aimed at keeping it that way.

Humphrey's remarks, released here by the treasury, were prepared for the opening session of the 10th annual meeting of the World Bank and the International Monetary Fund.

**Activity Growing**  
The annual reports of the 58-nation bank and fund, also made public here, noted record breaking economic activity in most parts of the noncommunist world, but the fund's optimism was tempered by inflationary threats it found in some places.

Humphrey said: "Business activity is at record levels throughout most of the world. World trade is at a high and healthier volume. Prices are more stable... there has been a sharp reduction in governmentally imposed barriers to financial and trade transactions."

"In the United States," Humphrey continued, "we have enacted a three year extension of the reciprocal trade agreements program, permitting a gradual and realistic approach to increasing mutually beneficial trade... most important activity in the United States, and thus provided an increased demand for the world's goods."

The world bank and the fund were created after the war to help restore economic activity. The bank's first mission was lending to put roads, railroads, ports, communications systems, and vital industries damaged by war back to work.

Since then, it has moved into counseling and lending for general economic development.

**Notes Inflation**  
In its 10th anniversary report the bank said that "given an adequate measure of economic and political stability, the prospect is for further expansion in economic activity and improvements in living standards."

The fund, although noting the rise of inflation in some Latin American nations and trade balance difficulties in Great Britain and most nonindustrial nations, said: "Further considerable progress has been made in the direction of freer and less discriminatory trade... increases in imports which liberalization measures have permitted have, in general, not created balance of payment difficulties."

"It appears there will be a further lowering of U.S. tariffs and other barriers to trade... prospects for continued improvement in trade are, in general, good."

The fund noted exceptional production increases in Great Britain, France, Western Germany, Austria, the Netherlands, Italy and Norway in 1954. It said Japan and Mexico had outstanding achievements to report in checking inflation and restoring their currencies and trade to sound levels.

## Ike Comments On Education Youth Should Spend More Time Studying

By MARVIN L. ARROWSMITH

DENVER (AP)—President Eisenhower says America's youth ought to spend more time studying in this "complicated" age. He advocates lengthening regular high school and college courses to perhaps five years.

And he also suggests that older folks are being required to retire from their jobs too early in life. That practice, he declared with a hearty laugh Sunday, may lead to "a revolution of old men and I am going to be in it."

In that light note maybe there was—and maybe there wasn't—a hint that he regards himself as still too young to pass up bidding for a second term. He will be 63 Oct. 14.

The President expressed his views on education and retirement during an inspection of the temporary headquarters of the new Air Force Academy at Lowry Air Force Base here.

## Howlett Attacks Records of Sen. Dirksen, Stratton

ROCKDALE, Ill. (AP)—Sen. Douglas (D-Ill.) campaign manager in the 1954 elections Sunday attacked the records of Illinois' two Republican leaders, Sen. Dirksen and Gov. Stratton.

In a speech at a Will County democratic picnic, Michael J. Howlett, vice president of a steel company, said:

"Politically, Dirksen has been up and down the scale and over the keyboard, like Liberace."

In his early congressional career he began as a reactionary, then became an internationalist, switched back again to the extreme right, and now, when it seems expedient, he is grabbing a seat on Ike's coattails.

"Stratton is no better. He paraded around Illinois as a state's rights Republican until his party came to power in the national administration, but now he too is depending on Ike to pull him through."

You haven't noticed anything timid about the big trucks, have you? They look bold enough rumbling along amongst us auto drivers. But the big trucks are afraid. They say so themselves.

What frightens them? The fact that they may be asked to compete on a more equal basis with the Illinois Central and other railroads.

That's the suggestion of an impartial committee of the President's Cabinet. It's an idea to save you money. More economical transportation will help reduce the cost of almost everything you buy.

But equal competition scares the truckers. They are accustomed to many special advantages at your expense. The President's committee thinks these special advantages are hurting you and should be eliminated.

Hearings on the Cabinet Committee report begin soon. We hope you'll follow them in the newspapers. Then you will know what we mean about the truckers. And you can decide for yourself what's best for you.

# Home Adviser Pilgrim Gives Hints on Buying

By JUNE PILGRIM  
Lee County Home Adviser

We've heard some good reports of the National Home Demonstration Council meeting held in Chicago recently. This meeting, attended by some 2,000 women from all over the United States, was the annual meeting of home demonstration groups of each state. Home Demonstration is the name Home Bureau is called in other states.

Those Lee county women who were in attendance were Mrs. Glenn Pfoutz, Mrs. Walter Weber, Mrs. Edward Hoyle, Mrs. Byron Blum, Mrs. John Warner, Mrs. George Holland, Mrs. Milton Vaupel, Mrs. Walter Voss, Mrs. Paul Detig, Mrs. Louis Gonigam, Mrs. Joseph Engelbrecht, Mrs. Horace Hackman, Mrs. Clarence Hart, Mrs. Albert Koehler, Mrs. Amy Wolfram, Helen Carlson and Mrs. Alvin Kehm. Lee county girls who helped as pages at the convention were Janet Warner, Janet Vaupel and Karen Vaupel.

We also heard some fine reports of how wonderful a job Mrs. Vaupel did as Illinois Home Bureau Federation president, presiding at so many sessions and seeing that Illinois job of "hostessing the affair" was done graciously.

## To Buy Meat

The federal grade stamp on meat is easily identified. It is a purple ribbon-like stamp that appears on many retail cuts. It does a good job of providing the consumer with a reliable guide to quality. Don't confuse the Federal grade stamp and the Federal meat inspection. The former is such names as Prime, Choice, Good, etc., enclosed in a shield. It appears on beef in a ribbon-like stamp. The grade stamp is different as it denotes quality—it is round and reads "U. S. Insp'd & P.S.D." This round stamp is your assurance that the meat was wholesome at the time it was inspected.

Federal meat grading is made available by the United States Department of Agriculture on a voluntary basis. The federal beef grades are seven in number, five of these may be found in retail. They are Prime, Choice, Good, Commercial and Utility. Most retailers sell only the grades or grade they feel meet the needs of their customers. The grade name appearing on the grade stamp can be used to serve the consumer in two important ways. (1) As a guide to quality, (2) as a guide to preparation.

(1) USDA Prime stamp implies beef is highly acceptable and palatable. It comes from young, well fed beef-type cattle. Such cuts have liberal quantities of fat interspersed with the lean for marbling. This contributes greatly to the juiciness and tenderness as well as flavor of the meat.

(2) USDA Choice grade stamp is preferred by most consumers because it is of high quality, having less fat than meat of the prime grade. More of this grade is produced and it's available the year around.

(3) USDA Good grade stamp pleases thrifty homemakers who seek beef with little fat, but with an acceptable quality. Cuts of this grade will lack juiciness, associated with a higher degree of fatness. But this high proportion of lean to fat makes this grade preferable to many people.

(4) USDA Commercial comes from older animals and usually lacks the tenderness of the higher grades. This is an economical grade and if the cook has skill of using long, slow cooking and moist heat, the meat can have a rich, full beef flavor.

(5) USDA Utility comes from cattle somewhat advanced in age. These cuts, as they appear in retail markets, carry very little fat. They absolutely require long, slow cooking in moist heat.

Why not take a good look at the meat you buy; see if it has been graded. Remember, appropriate cuts of the Prime, Choice or Good grades should be selected if the beef is to be roasted or broiled. Cuts of the other two grades—Commercial or Utility, may prove equally satisfactory for pot roasts, stews or in ground meat dishes.

## Announce Summer Wedding

**Dolores Newman**  
August Bride of  
A/IC Pettenger

Mr. and Mrs. Ralph Newman, 319 Chicago av., Dixon, announce the marriage of their only daughter, Dolores I. Newman to A/IC James A. Pettenger, son of Mr. and Mrs. Arthur Pettenger, 207 Willett av., Dixon.

The wedding took place Aug. 13, in the chapel of St. Paul's Lutheran Church, Dixon, with Rev. George J. Curran officiating the double ring ceremony.

The pretty bride wore a street length, two piece dress of turquoise blue trimmed with pink rosebuds. She wore a white hat with a small finger tip veil and rhinestones and carried a white orchid and stephanotis bouquet on top of a white Bible, a gift from the bridegroom.

Miss Ruth Ann Meyer, Aledo, a former classmate, was maid of honor. She wore a yellow nylon chiffon dress and pink carnation corsage.

Robert Pettenger, Dixon, served his brother as best man.

The bride's mother wore a navy blue dress with white accessories and white carnation corsage. The bridegroom's mother wore a brown linen tunic dress with white accessories and also a white carnation corsage.

### Reception at Home

A reception was held at the bride's home, following the ceremony for the immediate families. The white wedding cake, with yellow rosebud trim and white candles formed a center piece for the decorations.

When the newlyweds departed for a honeymoon in Wisconsin, for several days, the bride's going away dress was pink with white accessories. She wore the white orchid corsage from her wedding bouquet.

A June graduate of Dixon high school, the bride has been teaching tap dancing for past six years and is presently employed as cashier at the Nachusa Hotel.

"Jim" enlisted in the Air Force in Feb. 1952, and had his basic training at Lackland A. F. B., San Antonio, Tex. He took a course in Weapons Mechanics at Lowry A. F. B., Denver Colo., and was stationed at Scott Field several months before being sent to Korea for one year. Upon his return he was stationed at McDill Air Base, Tampa, Fla. He has been in Stephenville, Newfoundland, since October 1954, and has now returned there until February when he expects to receive his discharge. His plans then are to return to Dixon to reside.

The bride is presently staying in the home of her parents and will continue to teach dancing and work at the Nachusa House.

WHEN A/IC AND MRS. JAMES A. PETTENGGER were wed in Dixon, their attendants were Miss Ruth Ann Meyer, Aledo, and Robert Pettenger, Dixon.

## New York Dock Strike on Again; Pact Is Repudiated

NEW YORK (U)—New York's waterfront strike was on in full force again today amid union charges of a "double-cross."

William V. Bradley, president of the International Longshoremen's Assn. (I.L.A.) told dock workers not to go back to work, a few hours after the walkout appeared ended Sunday night.

The men remained away as hiring bosses blew their whistles at pier heads to start the day's work.

Work at Standstill

A police department check showed pier work at a standstill in all parts of the port except the Brooklyn waterfront where workers showed up. Union sources previously had said that there might be some return to work today because of the abrupt change in union plans.

Bradley went to the North river waterfront just before the hiring hour and conferred with Thomas Gleason, the union's general organizer, who passed the word that the strike was still on.

Bradley then issued the following statement:

"An agreement was reached by the union and officials of the New York state legislative committee. After the agreement was made, pressure was put on the legislators not to go through with it. We called the strike off. Then they said 'no agreement.' We were double-crossed. We are not ready to make recommendations to the men at this time. This proves again longshoremen are a political football."

Pact Repudiated

The union leader referred to a short-lived agreement reached Sunday between the I.L.A. and a representative of the New York State joint legislative committee on industrial and labor conditions for a hearing of workers' complaints. The pact was immediately repudiated by the committee chairman, Assemblyman John L. Ostrander, who said Marshall M. Miller, committee consultant who made the

promise, had no authority to commit the committee.

Cancellation of the agreement also brought a "double-cross" charge from Patrick J. Connolly, executive vice president of the I.L.A.

## Chicagoan Dies While On Vacation

A Lee county coroner's jury ruled late Sunday that Cornelius Schoondermark, 61, Chicago, died about 11:30 a.m. Sunday from natural causes. His death resulted from coronary thrombosis.

Schoondermark, who had been vacationing with his wife in the White Pine state park, north of Dixon, died while en route to Dixon KSB hospital. He apparently suffered the heart ailment about 6 a.m. Sunday, according to Coroner Robert Preston.

Glenn Payer, Forrester, who is a part-time employee of the park, was driving Schoondermark to Dixon when he died. The body was taken to Chicago for services and burial.

## Farmers Lay

(Continued from Page 1)

150 gallons was stolen, much of it in the past week.

He laid a trap Friday night by burying a spiked plank in the lane leading to the tank. Gas was stolen Friday night but he believes that the culprits ruined tires while doing so.

Removed Plank

However, Fredericks and Spielman apparently knew about the hidden plank because they removed it before driving up the lane last night, according to Clayton and White.

There is no house located near Clayton's gas barrel, only the shed and a small grain bin.

The two youths were caught "red-handed" because the gas hose had been dusted with a special powder that is visible only under a fluorescent light. A test of Fredericks' hands showed traces of the tell-tale powder.

## Driver Arrested After Accident

A Dixon man was arrested Sunday following a two-car collision at the intersection of Second Street and Grant Avenue. There were no injuries.

Officers Ed Trotter and William Boehme arrested Roy C. Webb, 72, 1673 Third St., for failure to yield the right-of-way.

Webb was driving south on Grant Avenue and struck a car driven by Bonnie Jean Crompton, 20, Burlington, Ia., in the right rear fender. Both cars were considerably damaged.

## Drivers Station Closed Tuesday

Dixon's drivers license station will be closed Tuesday while Orval Gearhart, Dixon, state examiner, handles tests at Dixon high school.

He will issue driving instruction permits to those students taking the drivers' course.

## Happy Birthday

## Ike's Own Health Appraisal To Be Second Term Factor

DENVER (U)—Republican strategists said today President Eisenhower's own evaluation of his health next spring may determine largely whether he runs for a second term.

The President's precedent-setting conference here over the weekend with the Republican chairmen of 48 states, the District of Columbia and Hawaii left technically unanswered the \$64,000 question of whether he will run again next year.

But many of those who attended reached this conclusion: If the President feels next spring that he can take on four more years in the White House without danger of physical incapacitation, he will be a candidate.

Republicans who talked with Eisenhower spoke of his outward physical fitness and reported his "bubbling enthusiasm" about Republican party prospects next year. They said they think the odds are heavy that he will run again.

Ray Bliss, Ohio state chairman, said he thinks while Eisenhower's appraisal of his health is a major factor, he agrees with GOP strategists who think it is too early for the President to say what he intends to do in 1956.

Eisenhower wasn't of much help in his weekend conference with the state chairmen. He spoke about the philosophy of the Republican party but when he got down to the second term question he was so elusive nobody was sure just what he meant.

He said he likes the GOP "more than ever." But he said it is not and should not become as even the most ardent party leader now

TO MISS A DEER—This was the result when a gasoline transport driven by Rex Oviatt, 42, Spring Valley, swerved on a curve near Lanesboro, Minn., to miss a deer. His truck collided with a car driven by Robert Jacobsen, Whalen, and the resulting fire destroyed the truck and its 7,750-gallon load of gasoline. Jacobsen suffered head and chest injuries. Oviatt was unhurt. (AP wirephoto)

NEW QUEEN IS CROWNED—Miss America of 1956, 18-year-old Sharon Kay Ritchie, Denver, who entered the Miss America pageant as Miss Colorado, gets her crown from the retiring queen of beauties, Lee Ann Meriwether, after Miss Colorado was chosen over 48 other contestants (Sept. 10) at the annual pageant in Atlantic City, N. ## Colorado Teenager Wears Crown of 'Miss America'

ATLANTIC CITY, N. J. (U)—A teenager from Colorado who refuses to get flustered and yearns to be an actress donned her newly won Miss America 1956 crown today with the outlook, "If you think success, then success will come to you."

The titian-tressed coed—18-year-old Sharon Kay Ritchie—has a philosophy to help her through the exciting yearlong tour that lies ahead.

"There's no use getting fussed," says Sharon, who entered the pageant as Miss Colorado. "If you look for the best, you'll receive the best."

Taught Sunday School Sharon, who taught Sunday school in the First Christian

church at Grand Island, Neb., where she lived most of her life, went to New York City Sunday night with her parents, Mr. and Mrs. Forrest A. Ritchie.

In her first formal interview with newsmen after her Saturday night triumph over 48 other competitors, she said the crown goes to the girl who keeps cool, calm and collected.

A sophomore at Colorado Women's College, she said she had her eye on the Miss America title since she was 8.

She wants to be an actress and plans to study at the Pasadena (Calif.) Playhouse.

She is 5 feet 6, weighs 116 pounds pageant as Miss Colorado. "If you waist and hips.

No Romance Sharon, in gaining the crown from her Miss America predecessor, Lee Ann Meriwether of San Francisco, is in line for \$50,000 in prizes and personal appearance fees.

She says she has no romantic entanglements.

Second spot honors in the Miss America 1955 race went to Miss Oregon, Dorothy Mae Johnson of Portland. Florence Gallagher, Miss Chicago, placed third.

## Liquor Control Commission Has More Authority

SPRINGFIELD, Ill. (U)—Atty. Gen. Latham Castle said today the Illinois Liquor Control Commission now has unlimited authority to suspend or revoke the state license of a local liquor retailer who permits gambling on his premises.

In an opinion asked by Howard S. Cartwright, acting commission chairman, Castle said new powers are granted by a 1955 law.

He said it no longer is necessary to go first before the local commission with a complaint that the licensee has violated any regulations.

Castle said the state commission may exercise original jurisdiction even when a local authority first has granted a local license to the applicant for a state license. A hearing must be held before suspension or revocation.

## Moscow Talks Are Stalemated

MOSCOW (U)—Chancellor Konrad Adenauer of West Germany and Soviet Premier Nikolai Bulganin met again today and found themselves so far apart on issues dividing the two nations that they were unable even to agree on a statement for reporters.

A German informant said they were as far apart as when the German-Russian consultations began Friday.

They met to hear reports from their foreign ministers, who conferred for an hour and a half earlier in the day. A German spokesman — Felix von Eckardt — said Foreign Minister Heinrich von Brentano and V. M. Molotov also were unable to agree.

One German source said Adenauer and Bulganin were continuing their talks. There may be another meeting Tuesday, but arrangements already are in the works for the German conferees to go home Wednesday.

## 'Straw' Vote on One-Way Streets Shows 92-8 'For'

A noon check of the police department score sheet disclosed that the proposed one-way street plan for Dixon is gaining overwhelming favor from the motorists.

The latest tabulation showed 92 people in favor of the plan and only eight against it.

The plan, which would be tried for 90 days, is to route westbound traffic on First Street and eastbound autos on Second Street between Galena and Madison Avenues.

The police department telephone number is 4-8801. Call or write in your vote.

## Rockford Man Hurt in Crash

John DiFede, 20-year-old Rockford truck driver injured Saturday afternoon when his truck overturned between Dixon and Grand Detour on Rt. 2, today is listed as in "good" condition in Dixon KSB hospital.

DiFede told Chief Deputy Sheriff Robert Burrs that he lost control of the truck while rounding a curve.

The truck, containing vegetables and fruit, reportedly skidded across the highway, struck a concrete culvert and overturned.

## Traffic Court

Police Magistrate Lawrence Boos Sunday night assessed fines totaling \$15 against two motorists.

Ronald Toot, 17, Rt. 4, Dixon, was fined \$5 for failure to yield the right-of-way. He was arrested Sunday by Officers John Woodyatt and Dewey Gilbert.

Kenneth Thong, 30, Racine, Wis., was fined \$10 for failure to yield the right-of-way. He was arrested Sunday by Officers Charles Tuttle and Gilbert.

## Air Force Shoots Down Mystery Balloon in Indiana

FOWLER, Ind. (U)—Two air force men parachuted Sunday to guard scientific instruments attached to a huge balloon shot down by their C119 weather plane.

One of the parachutists told by standers the balloon, launched five days before at Denver, was brought down with "electrical impulse guns." Then he refused to elaborate.

In Washington, the Air Force refused to comment immediately.

Winzen Research at Minneapolis suggested that the "electrical impulse guns" probably were radio remote control devices for letting gas out of the balloon.

Two trucks from Chanute Air Force base at Rantoul, Ill., hustled to the scene and hauled away two large boxes which dropped by parachute.

# Expect Release Of Yanks Soon

## Relatives Gather in Hong Kong for Welcome

HONG KONG (AP)—Jubilant relatives began collecting in this British crown colony today to await arrival of 10 American civilians whose quick release has been promised by Red China.

It was not known just when the 10 would cross the border into Hong Kong, but a Peiping radio broadcast indicated they may already be heading for freedom.

Negotiations at Geneva between representatives of the United States and Red China involved about 41 Americans in all.

### Add To List

The Chinese first announced that 12 Americans against whom no formal charges had been placed were free to leave when they chose. Then they announced that 10 others in prison or under house arrest would be let go in a few days.

A joint U.S.-Red Chinese announcement said machinery had been established so the other 19 could "expeditiously exercise their right" to go home. A source in Geneva said the Communists had declared their willingness to release all the American civilians "in due course."

The Communists' official New China News Agency said today the decision to release the 10 was made in consideration of their offenses and their "fairly good" behavior while in prison.

## Westinghouse Plants Hit By Strike

Pittsburgh (AP)—Twenty-eight plants of Westinghouse Electric Corp. were hit today by a strike of 43,000 members of the CIO International Union of Electrical Workers.

There was no immediate indication that the company's other 30 plants, employing about 70,000 workers affiliated with other unions, would be affected.

The CIO-IUE, headed by James R. Carey, ordered the walkout to begin on schedule only a few hours after the company announced Carey had "initiated an agreement" to end a five-week-old strike at the East Pittsburgh plant "and cancel a threatened national strike."

## Democrats Say Farm Policy Is No. 1 Issue Next Year

INTERNATIONAL FALLS Minn. (AP)—Democratic leaders of nine Midwestern states call the Eisenhower administration's agricultural policies "a brazen and ruthless betrayal of America's farmers."

The administration's handling of farm problems was assailed in a resolution Sunday, the windup of a two-day strategy session of the Democratic leaders.

The resolution contained other strong phrases, like "calculated deceit," "callous indifference," "flagrant neglect" and "recklessly treating our blessings of abundance as a curse."

### No. 1 Issue

Paul Butler of Indiana, chairman of the Democratic National Committee, said the farm issue promises to be No. 1 in the 1956 presidential campaign.

Butler met with high-level Democrats from Michigan, Wisconsin, Kansas, Iowa, North Dakota, South Dakota, Nebraska, Minnesota and Montana. The Illinois organization sent no representatives.

At the conference, he disclosed national committee plans to "out-knotster" the Republicans in employment of advertising techniques next year. He said he expected former President Truman to remain on the firing line during the campaign.

Truman's popularity, he said, has "increased tremendously" since "Eisenhower has been in the White House."

### To Spend \$5 Million

He said that five million dollars will be allocated for radio and TV time in the coming campaign, and that by Oct. 1 a selection will be made from among some 20 advertising concerns to take over the party account.

He detailed other plans in the making, including formation of a half-dozen special advisory committees—each devoted to one field, such as labor and agriculture—to be staffed by full-time, paid directors. All will be functioning by Jan. 1, he said.

The conferees called in their resolution for an "effective and realistic" farm program, and predicted a "green uprising" at the ballot box that will bring Democrats into office to put it into action.

**Their Program**  
Among other things, the program should cover these main points, the resolution said:

Restoration of 90 per cent of parity price supports for basic commodities but restricting participation of corporation-type farm enterprises, as distinguished from family units.

Extension of 90 per cent supports to livestock, poultry, milk and other perishables, but with provision for production payments as an alternative.

Mandatory supports for grain sorghums, barley and oats based on their feed value relative to corn.

A plan to take marginal acres out of production, and promote soil conservation.

Longer-term, lower-cost credit for farmers, giving preference to those of low-income groups.

## Report 129 New Cases of Polio

SPRINGFIELD, Ill. (AP)—The State Health Department said today 129 new cases of polio were reported in Illinois last week, an increase of 18 over the previous week.

Cases to date this year total 744 compared with 853 for the similar period last year.

# Tribe Holds 1½ Game Lead Over Yanks

## Indians Split With Yanks; Sox Divide

Cleveland Fails To Choke; Yanks Blow Second Test

By the Associated Press  
Time was when the Cleveland Indians took the rap for choking up in the pennant drive. But no more. Now it's the New York Yankees, the club with a reputation for winning the big ones.

The Indians, winning 11 of their last 14, were held to just four hits by southpaw Tommy Byrnes in a 6-1 first game defeat at New York Sunday, but they came from behind to win 3-2 in the pivotal nightcap.

A loss would have dropped the Indians from first place in the American League. Instead, they can sit back and rest while the AL takes a day off today, holding a 1½-game lead with 11 to play. Second-place New York has 12.

Bobby Avila, with eight hits in his last 14 at bats, and reliever Don Mossi kept the Tribe in there in the second game. But in the end, it was a wild pitch by Whitey Ford, New York's ace, that let the clinching run score.

### Blew Two Games

It was the second game in two days the Yanks let slip away. Saturday, they blew a 6-1 lead and lost to Chicago 9-8 in 10 innings.

The double-header split left Cleveland 3½ games up on third-place Chicago, which divided a pair at Boston. The White Sox won the second 7-2. Boston, six games back, took the opener 6-2.

Avila, hitting .272 after winning the '54 hitting title, had four hits in the double-header and walloped his second homer of the day to tie it at 2-1 in the eighth inning of the nightcap. Until then, Ford, 17-7, had a three-hitter.

Hoot Evers followed with a double, advanced on a walk and forced in, then scored as Ford bounced a pitch in front of the plate.

### 15th for Byrnes

Moss, in relief of rookie Herb Score, scattered three hits over the last three frames for a 4-3 record. Evers pulled him out of his only possible jam, making a diving catch of Elston Howard's liner for the final out with the potential tying run on base.

Byrnes was great as he won his 15th in the opener, fanning five and walking only two. Yogi Berra knocked in three runs and Joe Collins swatted an inside-the-park homer off loser Early Wynn.

The White Sox hung on as Connie Johnson and Millard Howell, although rapped for 11 hits, tightened in the clutch and left 15 Sox stranded. Frank Sullivan won his 18th in the first game with a five-hitter while Norm Zaichin drove in three runs as Boston racked up Bob Keegan.

### One-Hit Dodgers

Detroit split at Washington in a pair of four-hitters. Billy Hoelt won his 16th in the first game 8-0 and Nat rookie Ted Abernathy picked up the nightcap 1-0. Washington had 14 hits in the second game, but didn't score off rookie Frank Lary until Mickey Vernon singled with the bases loaded in the ninth.

Kansas City and Baltimore also split a pair. The A's won 4-3, then lost 4-2.

In the National, Cincinnati's Johnny Klippstein one-hit Brooklyn's champs. Pee Wee Reese blooped a single with one out in the ninth for the spoiler as the Redlegs won the first game of a twin bill 9-0, then made it a sweep with a 5-3 decision. Ted Kluszewski hammered his 45th homer in the opener.

### Braves Sweep

Milwaukee padded its runner-up spot, beating Philadelphia twice, 5-4 and 9-1. Crandall homered with three on in a five-run ninth to win the first game. Rookie Humberto Robertson pitched a six-hitter in the second.

Chicago's Ernie Banks and New York's Willie Mays each hit home run No. 43 while the Cubs beat the Giants 7-5 on Ernie Banks' two-run double in the eighth. In another single game, St. Louis edged Pittsburgh, 6-5 on a single by Alex Grammas in the eighth.

## The Morning After ...

By "FRIDAY"

In the Major League Lincoln Mercury, New Bridge Inn, Dixon Recreation and Miller's Chrysler each won three points to hold a tie for first. High bowlers were Jimmie Mercer, Virgil Wasson, 525; Dixon Oil Co., Russ Hicks, 520; Walter Knacks, Al Ruel, 520; Miller's Chrysler, Ken Detweiler, 507; Zelen Buicks, John Smith, 506; Sunnyside, Walt Klein, 531; New Bridge Inn, Larry McMillen, 508.

Al Ruel had the high series of the night with 625 and Bill McMillen the high game with 254. Other high series were Virgil Wasson 240, Russ Hicks 240, 219, Al Ruel 238, 205, Leigh

## DeKalb Is Team To Beat in NCIC Ottawa Pirates Have Ten Lettermen Back for 1955

(Second of Four Articles on NCIC Teams)  
The 1955 Northeast division crown may shift from Sterling to DeKalb this season if the Barbs live up to pre-season expectations.

Meanwhile, the Ottawa Pirates, with a wealth of backfield candidates, is building up for another season.

The Barbs, strong with 17 lettermen, have already been termed the team to beat. Along with the lettermen, DeKalb coaches Bill Townes and George Derlanger have a wealth of material coming up from the Barbs undefeated frosh-soph squad. DeKalb's varsity team last season lost only one conference game while winning three.

Headlining the Barbs this season is speedy halfback Ken Miller. Along with Miller are such standouts as Paul Jacobson, all-conference guard and Merle Jacobson, tackle and punter.

### Veteran Backs

Other veterans back include Howard Beardsley, Bob Swain and Dave Boardman. Tackles include Greenacre, Dave Makela

## Worley Optimistic About Mounders This Season

MT. MORRIS.—(Special)—Coach J. R. Worley took a generally optimistic look at his 1955 Mt. Morris football team as the Mounders prepare for another grid campaign, one that will feature a home opener against West Rockford JV on a new high school football field.

"It looks as if we'll be deeper than usual," Worley said as he outlined his line-up plans for the new campaign. Eleven lettermen have reported for try again this season among the 24 candidates for the varsity squad.

Only the backfield is short on front line reserves, but even there, Worley has three good prospects to serve as replacements. The line is filled with strong battles for positions.

### Need a Guard

Among the lettermen are ends Larry Bearman, Jim Mongan and Dick Zickuhr; tackles, Dick Highberger and Stan Messer; center, Fred Logan and guard, Chuck Wean.

In the backfield are veterans Gene Hoffman at quarterback, Bill Allenfort and Dave Bechtold at halfback and Dave Saunders at fullback.

That leaves only a guard position unmanned by a veteran, but

and Bob Ebbesen. Guard veterans are Ken Goff, Jacobson, Clarence Taylor and Gilbert Kyler. Jim Farley and Bill Holmes are center candidates.

Two quarterback veterans are John Derlanger and John Pigott while halfback returnees are Miller, Ken Stevens and Jim Bowers. Jim Pevonka is back to fill the fullback slot.

Although the Barbs lost 13 players by graduation, including such standouts as Don (Tank) Anderson at tackle and backs Jerry Van Meter, Bill Breen and Frank Flister, this year's seniors at DeKalb are hardly used to losing. Their only loss in three years of football, including frosh-soph experience, has been to Sterling last year. The frosh-soph team has not lost a game in three years.

### Unknown Quality

Over at Ottawa, the Pirates are somewhat of unknown quality. Ten lettermen, plus several other boys who saw some action last year, are back to bolster the club that wound up with a 2-2 conference record last season.

Coach Bill Novak has quarterback Jack Meckenstock, halfbacks Fritz Teuter, Don Chevalier and Curt Ayers, fullback Dale Severson, tackles Dave Sapp and Paul Bretag, guards Don Springer and Jerry Standard and center Bob Wendel returning for another year.

That leaves the big problem of filling in the ends and rounding up good line replacements.

### Backs Set

The first and second backfields apparently have been set by Novak with Meckenstock, Teuter and Dale Severson holding down three positions with the fourth going to speedy Keith Severson, a junior halfback who came up to the varsity in the final weeks of the season last year.

The second contingent includes all juniors, Dick Wallem at quarter, Bill Ayers and Gene Vandervort at halfbacks and Joe Oile at fullback.

The line is still wide-open but veterans seem to have first call in most instances with Ron Chevalier and Larry Davis holding the edge for the end slots.

## Dave Johnson Wins Tourney Of Champions

Scores Sudden Death Victory On 37th Hole

OREGON.—(Special)—A beautiful second shot to within easy putting distance of the pin gave Dave Johnson, young Oregon golfer, the Blackhawk district Tournament of Champions title here Sunday in a sudden death playoff with Ernie Hubbard of Emerald Hill.

Johnson and Hubbard finished the 36-hole grind with 145 totals after Johnson had taken a morning lead with a 71 to 75 for Hubbard. Hubbard rallied for a 70 in the afternoon to tie the event as Johnson fell off with a 74.

On the 37th hole, the first at Oregon, Johnson dropped his second shot on the green while Hubbard missed his approach. Hubbard was on in three but missed his putt and conceded the match. Ed Rutt of Emerald Hill took the runner-up trophy with a 154, edging out Jon Neuswanger of Oregon who had a 155. Don Raymond of Dixon, had a chance to tie for the lead when he took a six on the par four eighth hole of the last nine. He hooked a four wood into trouble and wound up the day with a 156.

In the championship round, Bob Price of Rochelle wound up third with a 150 total while Bernie Wheeler of Plum Hollow and Bill Witzleb of Dixon tied for fourth with 158. Jim Fridley of Mt. Morris was sixth with 161 as a 10 on the second hole of the afternoon round put him out of contention.

Witzleb had the consolation of scoring the only eagle of the day, getting a deuce on the short par four 16th hole.

Bill Hayes of Rochelle, Gene Krahenbuhl of Plum Hollow and Joe Reed of Mt. Morris, tied for fourth in the runner-up bracket with 160 totals.

The tournament of champions winds up the Blackhawk association season for 1955.

## Middlecoff Fires 2 Eagles to Win Cavalcade of Golf

SCOTCH PLAINS, N. J. (AP)—A pair of eagles plus a double bogey on a par 3 hole by his closest pursuer gave Carey Middlecoff a victory and \$10,000 in the Cavalcade of Golf Tournament Sunday.

The Memphis dentist, playing out of Kiamasha Lake, N. Y., holed out an 80-foot wedge shot on the 490-yard first hole for an eagle 3 Sunday at the Shamrock Club. Then on the 601-yard 18th he repeated the performance, this time using a No. 9 iron to drop a 45-foot approach shot.

The two amazing chip shots gave Middlecoff a 5-under-par 65 for the final round and a 72-hole score of 276—two strokes better than Sam Snead, the blaster from White Sulphur Springs, W. Va.

Snead, who went into the final round tied for the lead with Freddie Haas of Clair Ct. Calif., and Gene Littler of Palm Springs, Calif., lost his chance to tie Middlecoff when he took a double bogey on the par 3 16th after his tee shot hit a tree. Snead closed out his four rounds with 278 and second place prize money of \$5,000 from the total pot of \$30,000.

Littler tied Gardner Dickinson Jr., of Panama Beach, Fla., and Jerry Barber of Los Angeles for third. Each had 280. Haas was one stroke back tied with long-hitting George Bayer of Cincinnati.

## Browns Can't Win Even With Graham

By the Associated Press  
The Cleveland Browns apparently face a tough road to another championship game this season even with veteran quarterback Otto Graham back in action.

Graham, who recently changed his mind about retiring, was in the lineup for the first time against Detroit Saturday, but the Browns dropped a 19-3 exhibition. The defeat was their fourth in five games.

In other Saturday exhibition games, the New York Giants dropped a 7-0 contest to the Chicago Bears at Little Rock, Ark., the Washington Redskins edged the Green Bay Packers 33-31 at Winston-Salem, N. C., and the Baltimore Colts turned back the Chicago Cardinals 24-14 at Chicago.

And Sunday the Philadelphia Eagles whipped the Pittsburgh Steelers 24-20 for their fifth straight triumph.

RACE MISHAP—Mike Magill (95) of Haddonfield, N. J., teeters in his racer atop rear of machine driven by Jack McGrath (3) of Los Angeles; after mishap in 11th lap of 100-mile AAA race at state fair in Syracuse, N. Y. (Sept. 10). Magill's car hit inner rail and McGrath, in close pursuit, piled into him. Neither driver was seriously hurt. Bob Sweikert, Indianapolis, won the race. (AP wirephoto)

Girls 18-under doubles, Gower and Carlson, and Sallie Utley and Reeder.

Girls 15-under singles, Carlson and Cappa, and Reeder and S. Utley.

Girls 13-under singles, Patti Jo Beery and Sallie Utley.  
Girls 13-under doubles, Barbara Borelli and Beery, and S. Utley and Louise Joyce.

Girls 11-under singles, Melodie Presnell.

AFTER A BIG WEEKEND OF BASEBALL, it appears that the American league chase has simmered down to a two-team race now with the Indians as the current favorite to win over the Yankees.

Though the Chicago White Sox gained a split in the four games, they failed to pick up ground, instead lost a game to the Tribe and there just don't seem to be enough games left to give the Sox hope.

CLEVELAND APPEARS to have an easier row to hoe than the Yankees. The Bombers still have seven games with the now all but out Boston Red Sox who take great delight in beating their arch rivals.

## Lane Says He Hasn't Quit Sox; Won't Comment on It

CHICAGO (AP)—Is Frank Lane going to call it quits as general manager of the Chicago White Sox?

Lane is quoted as saying he doesn't care to comment and also that he hasn't tendered his resignation.

Mrs. Grace Comiskey, Sox president, said she doesn't want him to leave and that "he definitely won't."

Warren Brown, sports columnist of the Chicago American traveling in the East with the Sox, posed the question that Lane might quit. He recalled how Lane recently was fined \$500 by Baseball Commissioner Ford Frick for an allegedly profane protest over umpiring. Lane made the vocal outburst at Comiskey Park in the presence of American League President Will Harridge and Cal Hubbard, supervisor of AL umpires.

Brown also recalled an alleged statement by Chuck Comiskey, White Sox vice president, that Lane's conduct was "inexcusable" and also that "Lane can remain with the club if he wanted to."

"That was the beginning of the end," Brown wrote.

The Chicago Sun-Times quoted Lane in Boston as saying: "I have not tendered my resignation, but I don't know how much more of this I can take without blowing up. Chuck (Comiskey) has taken every opportunity to ridicule me and frankly, I'm getting fed up with the whole business."

Comiskey told the Sun-Times that he thought "this thing has been carried too far... there have been stories about what he (Lane) allegedly said about me and what I allegedly said about him, but I'm not going to comment on any of it."

Meanwhile, Mrs. Comiskey, mother of Chuck, was quoted in the Sun-Times as saying: "I don't want him (Lane) to leave and he definitely won't."

"The report that Frank is quitting is just a lot of conversation. As far as I'm concerned it (the firing of Lane) is all straightened out."

"Charles just talks too much. I could tell him to keep his mouth shut. But, after all, he's 29 now."

"I'm certain this will all blow over," she was quoted as saying.

## City Tennis Ends Over Weekend

Utley Turns Back Cushing; Marathon Match to Gower

The Dixon Evening Telegraph City Tennis tournament came to a close over the weekend with Henry Utley's victory over men's city champion Joe Cushing, and Mary Gower's marathon 60-game three-set victory over Jean Buckley featuring the activity.

Other action saw Bob Bay and Norman Glenn take the boys 18 and under doubles title and Kathy Carlson and Terry Utley win the women's doubles.

In the 18 and under boys singles, Utley pulled even with Joe Cushing in their matches for the season. Since the start of the high school season, Utley and Cushing have met six times and each has won three times. In this final meeting, Utley scored a 6-2, 7-9, 6-3 decision over Cushing.

It took 60 games for Mary Gower to turn back top seeded Jean Buckley in the women's singles. All three sets went to deuce with Miss Gower winning 10-8, losing 12-14 and then scoring match victory with a 9-7 set.

Glenn and Bay won the boys 18-under doubles by defeating Jim Bruce and Cushing, 6-4, 6-4, and Miss Carlson and Miss Utley stopped top seeded Emma Hubbs and Gower, 7-5, 6-4.

# ★ World News in Pictures ★

**A STEAMING PERFORMANCE**—An old 30-horsepower steam tractor is put through its paces by live-steam hobbyist E. C. McMillen of Hoisington, Kan. The outdated tractor climbed a 50 per cent grade without even straining to climax its exhibition at Michigan State University's Centennial of Farm Mechanization in East Lansing. The model was popular from 1910 to 1916.

**FOR THE BIRDS**—Attracting a flock of lovebirds is attractive Marlene Foshay, who entered the queen contest of the Los Angeles County Fair at Pomona. The month-old lovebirds are also fair-conscious, having joined the tropical bird exhibit at the event.

**REAL COWGIRL**—That's 16-year-old Mena Wood of South Woodstock, Vt. She's taught her pet Black Angus cow, "Congo," to carry her in a saddle.

**OLD PRO**—Chewing tobacco helps him concentrate, says 14-year-old Phil Weese, who played with Clarksburg, Va., in the Babe Ruth World Series at Austin, Tex.

**RARE CATCH**—This tough-looking hombre is a lancet fish, the rare scientific catch of Curator Louis Mowbray of the Bermuda Government Aquarium and Zoo. Caught near Hamilton, the lancet (alepisaurus) is the first one caught in good enough condition for complete scientific study. A bluish-brown, eel-like fish, scaleless, almost boneless and 41 inches long, this lancet was caught with garfish bait at a depth of 100 feet.

**UNCONTENTED COWS**—The stock market took a sharp drop when an axle broke on H. J. Mertz' cattle truck near Lincoln, Va. All his livestock went tumbling into one corner as the truck dropped. Several cows were injured.

**RUMORS ARE FLYING**—Flying saucers may not exist, but flying models of them do. Army Pfc. Larry G. Anderson of Westchester, Iowa, builds gasoline-powered saucers as a hobby at Fort Hood, Texas. He's shown with one of his disc-shaped models, which he says fly faster than most model airplanes. This one's four feet in diameter and has twin rudders.

**ALL BALLED UP**—Don't laugh until you try it and look in the mirror! Nicky, a honey-colored cocker spaniel of Jackson, Mich., usually goes around carrying two tennis balls. He sleeps with only one in his mouth, but during playtime distorts his jaws with either two or nothing.

**TEMPER! TEMPER!**—For a while there was more war than peace on the set of the new movie "War and Peace," according to reports from Europe, where it is being filmed. Flash said that Star Audrey Hepburn stalked off the set in a huff. Someone apologized. Audrey came back.

**"SOMEONE WELCHED ON US"**—Playfully tossing a beachball in happier days at Miami Beach, Fla., are Joan Rawlings, right, and Carol Singleton, winner and runner-up in the "Miss Bikini U.S.A. of 1954" beauty pageant. But the shapely lassies were not so happy in Miami when they filed \$10,000 and \$5000 damage suits against contest sponsor, Pierre M. Andre, who they claim welched on the promised seven-week cruise and tore up their \$107-a-week contracts.

**LIKE MOTHER, LIKE SON**—It's a proud moment for Actress Helen Hayes and her husband, Charles MacArthur, as they watch their 17-year-old adopted son's television debut. James MacArthur was starring in a TV drama, although his only previous acting experience was in school productions. The theater's unofficial First Lady caught bits of her son's performance between acts of her current Broadway play, "The Skin of Our Teeth."

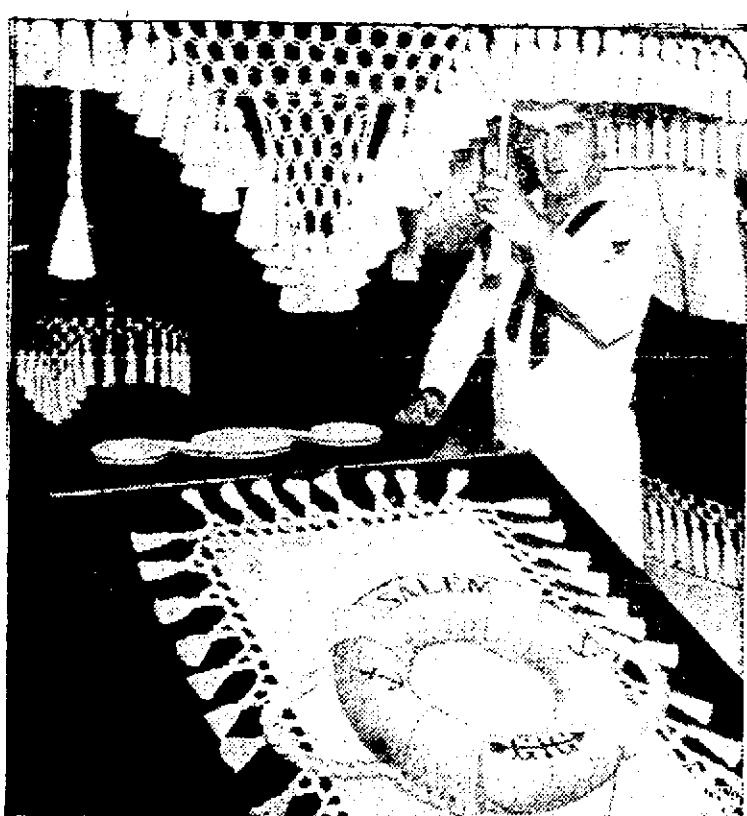

**SHE'S IN THE AIR ABOUT IT**—Not a bird, not a plane, it's Miriam Berrian coming in for a landing on the sands at Miami Beach, Fla. The energetic leap is Miriam's way of showing her joy at being in the sun near the sea.

**BICYCLE BUILT TO FLY**—Art Hartman of Burlington, Iowa, demonstrates the aerial bicycle with which he hopes to go pedaling off into the wild blue yonder. The contraption, consisting of a modified bike frame with a propeller and rudder, is supposed to be lifted by 200 small, helium-filled balloons. But at the moment, it's just suspended from a roof, because nobody seems to want to invest \$400 to buy Hartman the needed helium.

**JUST MAKE-BELIEVE**—This really isn't the way cobblestoned streets are laid. These workmen in Paris, France, are merely placing carpet-like sections of "cobblestones" on their city's asphalt streets for the shooting of a movie sequence depicting the streets of Paris as they were a century ago. At that time, they were covered by the stones.

**SAILOR'S ART**—Fancy tasseled rope work decorates the gig (captain's light boat) aboard the USS Salem near Rome, Italy. The ornamental work, long a tradition on U.S. Navy ships, is shown above by Boatswain's Mate Donald F. Noel, coxswain of the gig.

**SPOTS BEFORE THEIR EYES**—The freckle champions of the 1955 Wisconsin State Fair compare their spots after they were selected at Milwaukee. They are Belva Bailey, 9, and Terry Feout, 11. Contest highlighted Children's Day at the fair.

**HE'S DETERMINED**—Recovering from his recent heart attack, Senate Democratic Leader Lyndon Johnson relaxes at his ranch home near Johnson City, Tex., after flying from Washington in a private plane. Johnson said, "I'm going to sit here and rest."

**LITTLE TO BEEF ABOUT**—Just the right size for petting is this full-grown but tiny Dexter cow being visited by Elaine Musgrave, 9, at the Whipsnade, England, zoo. The Lilliputian-sized Dexter is a hardy breed of Irish cattle valuable for both milk and meat.

**TOWN IS TINY, HEART IS HUGE**—Mr. and Mrs. C. G. Gray, of Springboro, Ohio, have a daughter living in Torrington, Conn., devastated by the recent hurricane-spawned floods. They asked a few neighbors to collect their old clothing to send there. The response from this tiny town (pop. 600) assumed the proportions of a flood. Thousands of donations were received and the town hall was overflowing. Offers of more are coming in from all over the Miami Valley. Here the Grays and friends sort the tons of clothing. Left to right are: Lloyd Jones, Mrs. Gray, Mrs. Jones and Gray.

We have an interesting item from the Illinois Women's Bowling Association, affiliated with the Women's International Bowling Congress. The international has membership of over 700,000 women bowlers, with \$1,287 of them in Illinois, 299 from the City of Dixon. The IWBA awards medals, and arm patches, for high city games and series and also for the high game and singles at the latter won last season by Mae Plogman, 287 and June Kristof, 228, both girls from Chicago.

The IWBA annual tourney for the 1955-56 season will open Jan. 21, 1956 in Decatur, with the team events at the Bowl and doubles and singles at the "Eldorado Bowl", 16 and 20-lane establishments. Entries close Dec. 15, and averages of Nov. 19 will be used. The annual meeting of the association is slated for January at the Hotel Orlando, Decatur.

Officers of the IWBA for Illinois are President, Mrs. Mildred White, Rockford; Miss Helen Moon, public relations, Springfield; and secretary, Mrs. Helen G. Martin, Peoria.

**HOW WELL FARMERS LIVE**—This map gives you a rough idea of how U.S. farmers—on the average—live in a particular area as compared with those in other areas, as ranked by the Dept. of Agriculture. Families of farmers in black areas live unusually well. If you live in one of the "lowest" areas, it doesn't necessarily mean that your own living standard is low. The area rating is on averages and your own level may be above the average of your area. And even the average family in the lowest category doesn't necessarily have a poor standard as compared with other standards in the world.

"Could I please have my toast rare?"

"This will be a rough year, Eddie—the teacher doesn't like apples!"

## Problems of Mutual Fund Investments Are Discussed

By SAM DAWSON

NEW YORK (AP)—A thousand investment dealers from around the United States, Canada and Hawaii are in town today to chew over the problems of that postwar phenomenon of growth—the mutual funds.

At the seventh national Mutual Fund Sales Convention here they are talking about:

1. How long can the bull market keep on going—and if prices turn down sharply, how will the investors, spoiled by years of always rising prices, react?

2. How can they compete for the investor's dollar with all the institutions for savings money now offering him higher interest rates?

3. How to make today's better-heeled-than-ever Americans invest part of their larger incomes in stocks and bonds instead of spending all their money on the many appliances, goods, services and forms of recreation clamoring for ever bigger shares of it.

The mutual funds are open-end investment trusts. They sell shares to the public, and thus pool many small savings to buy stocks, bonds and other securities. The funds are obligated by law to buy back

at any time the shares they have sold at prices determined by asset value. This price changes constantly as the market value of the shares held in the investment portfolio of the funds changes.

The big talking point of the mutual funds in selling their stocks to the public is that the small investor is promised professional management in the selection and supervision of investments.

The funds have grown strikingly since the war. When the Federal Investment Company act went into effect in 1940, placing the funds under regulation, there were 900,000 investors holding shares representing one billion dollars worth of assets.

This summer there are more than two million shareholder accounts in the 146 investment companies who are members of the National Assn. of Investment Companies. The assets of the mutual fund members total more than six billion dollars.

Texas would boast a population of nearly 178,000,000 if it were as thickly settled as Rhode Island.

## UN Will Be Under More Pressure to Seat Reds

### 'Friendly' Communists Creating a Showdown

WASHINGTON (AP)—Signs of more friendly behavior on the part of the Chinese Communists will increase pressure in the United Nations to give Red China a seat, diplomatic experts predicted today.

American and British officials are confident that a showdown on the issue on which Washington and London are basically divided, can be avoided again this year in the U.N. General Assembly meeting which opens next week.

But even the most optimistic have grave doubts that the problem can be put off again next year if the Chinese continue to improve their relations with other countries.

#### Latest Step

The latest step was their agreement announced at Geneva to let all American civilians still held in Red China, including those in prison, come home. There was a parallel, far-reaching assurance that Chinese in this country who wish to do so could go to Red China. They have actually been free for months to go to Red China, and many have done so.

The United States also agreed that the Indian Embassy could give assistance to any Chinese who did not feel he could get a fair deal by contacting United States government authorities directly. Similarly, Red Chinese agreed that the British Embassy could assist Americans behind the Bamboo Curtain.

The State Department said it was "delighted that all the American civilians in China are going to be permitted to leave," and said there are "no hidden meanings . . . no side understandings" in the agreement.

#### Have No Doubts

Press Officer Henry Suydam said, "We expect it to be done. We have no reason to doubt that it will be done."

The Geneva talks which produced the decisions on release of civilians are due to enter their second phase this week. By previous agreement almost any issue of common interest to Peiping and Washington may be raised by either U.S. Ambassador U. Alexis Johnson or China's Wang Ping-nan.

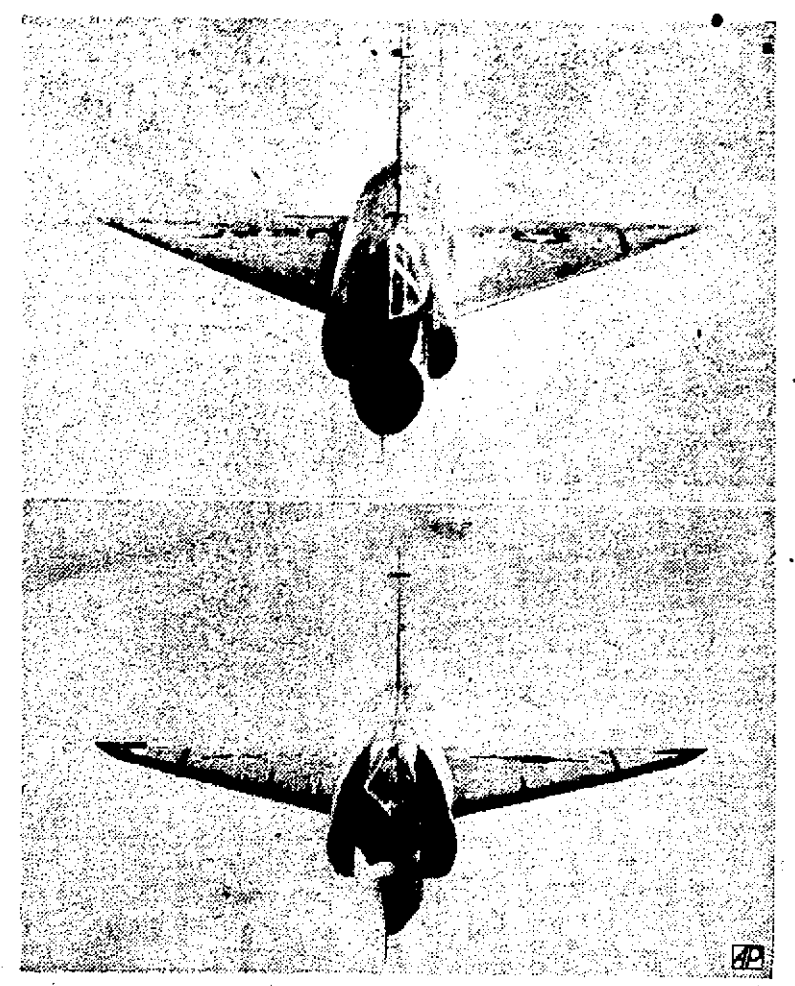

Johnson is expected to press for information on almost 500 American soldiers who disappeared during the Korean War and some of

whom may still be alive in Chinese prisons.

But the Peiping radio said only Sunday that this idea "has been proved by facts to be pure fabrication."

Other issues which may be brought up include Korea, Formosa, the possibility of a general international conference on the Far East, and Secretary of State Dulles' request for a declaration from the Red Chinese government renouncing the use of force.

Discussion of these issues may go on for months. They will provide a further testing of Red China's policies. They will also afford opportunities for Red China to create a more favorable world public opinion.

**SUPERSONIC PLANE GIVEN WASP WAIST**—These are before-and-after versions of the U. S. air force's F-102A all-weather jet interceptor, a supersonic plane built by Convair, showing how the fuselage was nipped in at the waist to make it go still faster and slip more easily past the speed of sound. Top photo shows the prototype YF-102 with straight fuselage. Below is the production version of the F-102A with the wasp waist. (AP wirephoto)

## Chicagoan Heads Knights Templar

CHAMPAIGN, Ill. (AP)—A Chicago man has been elected to head the Illinois Knights Templar organization.

The new right eminent grand commander of the Knights Templar is Carl Eli Anderson, former deputy commander. He succeeds Leo D. Dimmer of Champaign.

Other officers elected at the Masonic order's 99th annual convention Saturday were:

George W. Bell, Champaign, deputy grand commander; Howard M. Snapp Jr., Joliet, generalissimo; Elmore F. Whitman, Maywood, captain-general; Jerry C. Angle, Chicago, senior warden; Clarence C. DeWitt, Mount Vernon, junior warden; Seth W. Flander, Aurora, standard bearer; Edwin R. Hobson, Litchfield, sword bearer; Alvin L. Crump, Evanston, grand warden.

A parade of 1,000 Templars Sunday ended the two-day meeting. The parade was headed by the Danville Consistory Band.

## Six Children Die in Panic

CAIRO, Egypt (AP)—At least six schoolchildren were killed in a panic-stricken rush for safety when an earthquake damaged school buildings near the center of Cairo today.

First aid officials reported that 30 other children between the ages of 6 and 10 were injured. The toll was expected to rise.

## Dinner Goes On

LOS ANGELES (AP)—Former President Harry S. Truman won't be able to be present, but southern California Democrats are going ahead with their \$100-a-plate fundraising dinner here Thursday night. Gov. George M. Leader of Pennsylvania will substitute for Truman. The former President canceled his trip to California on orders of his doctor to curtail his activities.

## Montgomery Ward Celebrates 83rd Anniversary

This week Montgomery Ward celebrates its 83rd year in business, having operated continuously since 1872. The store here in Dixon was opened in 1928.

In 1872, A. Montgomery Ward started the very first mail order house. Up to that time people in rural areas traded at small general stores, or depended on the itinerant peddler for the necessities and small comforts of life. Only meager stocks of merchandise were offered and the prices were truly excessive.

Ward, a "drummer" for several leading drygoods firms, had a new idea. When America celebrated the completion of the first transcontinental railroad in 1869, Montgomery Ward saw that the time was ripe for a greater merchandising service than had ever before been attempted. Ward started saving his money and by 1871 had \$2400 for this venture. Then, the great Chicago fire wiped out everything he had except \$65, and the firm he worked for went out of business. He found another job, and by living on a bare minimum, built up his savings to \$1800 in only a year. That, with a contribution of \$800 by George R. Thorne, who became his partner, launched the first mail order company.

The total space for office-warehouse operations was one room, only 12-14, in a building on Chicago's North Clark Street. The first catalog was a one-page list of merchandise and prices. Progress was slow in those early months, but the public was soon impressed by the statement, "satisfaction guaranteed or your money back" which was, up to then, unheard of. The usual policy of the day had been, "let the buyer beware."

This was the beginning of the mail order business, destined to have a revolutionary effect upon the merchandising methods of the time. Today, in addition to 9 mail order houses and over 250 catalog sales offices, Wards have nearly 600 retail stores.

Not only did Montgomery Ward lay the foundation for one of the world's greatest merchandising successes, but he revolutionized retail trade throughout the country. With Woolworth, who created the "five and ten," and Wards, who originated the department store, Montgomery Ward was one of the Big Three who changed the buying habits of the nation.

Today Wards first "catalog" is considered one of the hundred influential books published before 1900 which greatly affected the life, thought and culture of America.

Mr. A. F. Friend, manager of Wards store here, said, "Wards still follow the generous policies laid down by A. Montgomery Ward in 1872, and the high standards of quality and value in the merchandise we sell are unchanged."

Mr. Friend added that Wards anniversaries are shared each year with their customers with special sales, and that preparations had begun months ago to make this year's event a truly memorable one. New merchandise has been brought into the store; many prices have been reduced. "Special new displays will add a 'happy birthday' note to the entire store."

## Woman Claims Extortion Plan Forced Suicide Pact

STREATOR, Ill. (AP)—LaSalle county State's Atty. Harlan Warren today said investigators had been "unable to verify" an Illinois woman's story that extortionists drove her and her husband to form a suicide pact.

Mrs. Ruth Craine, 49, of Geneva, Ill., told Warren her story Sunday after her husband, Leon, 52, was found dead Saturday night in their parked car near Streator.

She told Warren that she and her husband planned to die by piping exhaust fumes into the car. She said she lost consciousness when the carbon monoxide fumes poured into the car, but awoke after a few hours to find the motor had stopped running. She said her husband was dead.

A coroner's jury held that Craine's death was due to natural causes. A pathologist, who testified that he died of a heart ailment, said no traces of carbon monoxide were found in the body.

Warren said Mrs. Craine told of being threatened by unknown persons after she and her husband were charged with arson following a fire at their restaurant near Kewanee, Ind.

Mrs. Craine told Warren that three men she did not know ordered the couple to raise \$15,000 or die. He said Mrs. Craine told him they were to deliver the money at Starved Rock state park Sunday night, but that she was unable to give the exact location of the rendezvous.

Warren said Mrs. Craine was released Sunday without charge and returned to Geneva where she and her husband had been living with Craine's sister.

## Want a Few?

CHICAGO (AP)—Among the articles displayed for auction as unclaimed merchandise at the Chicago post office today are 30 pounds of feathers, 50 pounds of lovebird seed and 60 Liberate charm bracelets.

The extortion plot was described by Mrs. Craine as being due to demands of the "syndicate" to recover the cost of pinball machines lost in the fire.

She said she and her husband had been free on \$2,500 bonds each awaiting trial on the arson charge. The charges were brought by a fire marshal. The restaurant burned last July.
